SCHOOL BOARD

Jimmy Hand, Scott Burgess, Everett Brooks, Richard McLeod, Lee Roy McKeever, Carroll Collier, Larry Biggerstaff.

The members of the School Board are Scott Burgess, Richard McLeod, Carroll Collier, Lee Roy McKeever, Jimmy Hand, Larry Biggerstaff, and Everett Brooks. Without these men, Chico High School could not function. They help make the rules and regulations and they work very hard.

CHICO DRAGON

The Chico Band consists of 7th, 8th, 9th, 10th, 11th, and 12th grade students. Students can start band in the 5th grade. Band members participate in U.I.L. and entertain during halftime at the high school football games. This year, the band received a 2 at U.I.L., a one point improvement over last year's score.

Farm Power

OF AMERICA

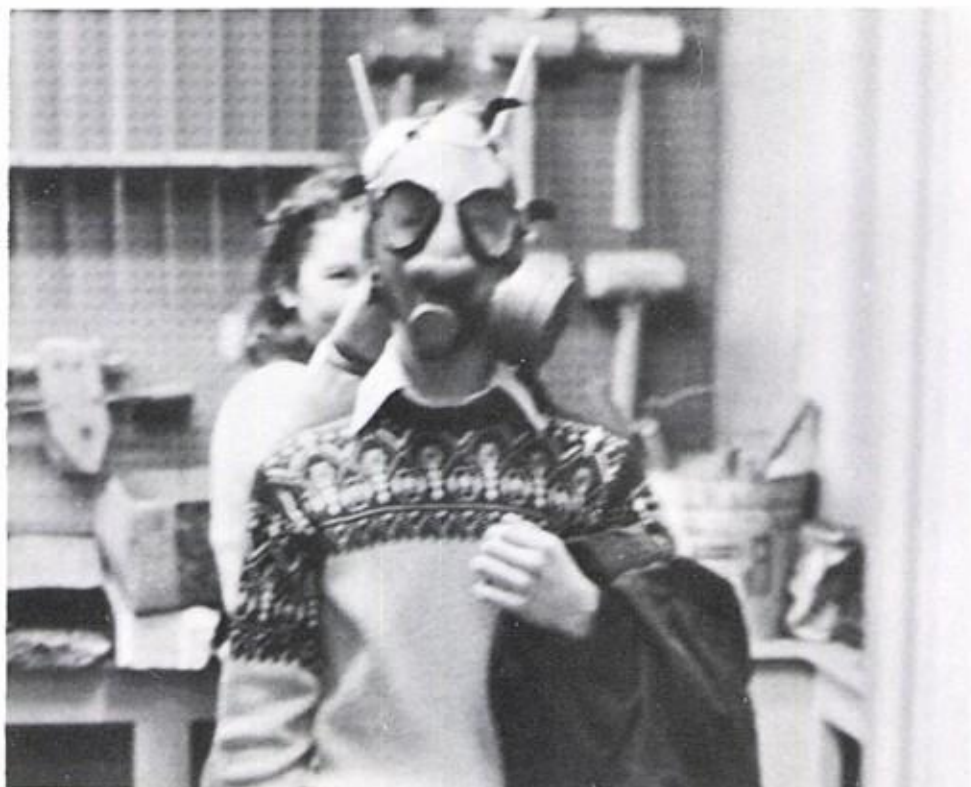

F.F.A. Officers: Left to Right, Back Row: Wendell Berry, Bradley North, Doug Bowyer, Craig Cowley. Front Row: Doug Younger, Sponsor; Gregory North, Tracey Woods, Joey Smith.

The Vo. Ag. Department offers two types of courses. Production Agriculture, which has V. A. I, II, & III and Farm Power, which is a pre-employment laboratory type class. In production classes, the students study Leadership, Animal Science, Soil Science, Plant Science and Agricultural Mechanics. The Farm Power classes study engine overhaul and recondition of farm machinery.

The F.F.A. is a national organization that is sponsored in conjunction with the Agriculture Department.

Get Ready, Karen.

Seated-Chris Nichols, Sponsor; Tracey Woods, Jarrett Armstrong, Doug Bowyer.

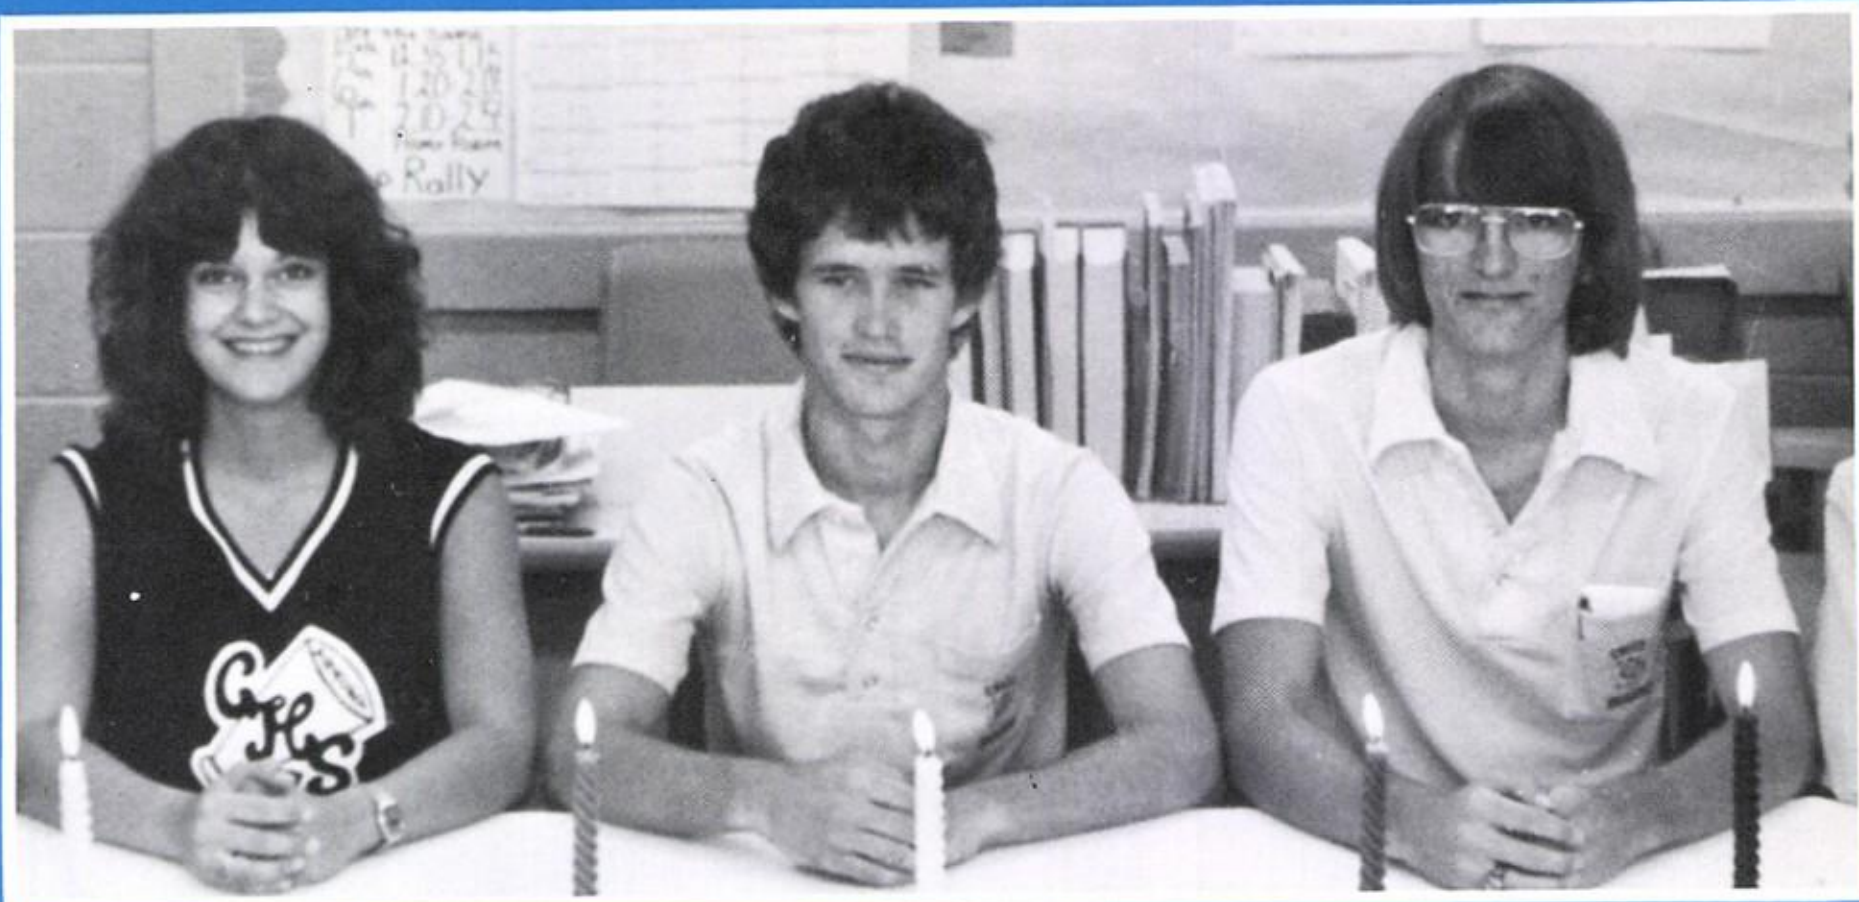

Wonder what he's been doing?!

What's going on?

BETA CLUB

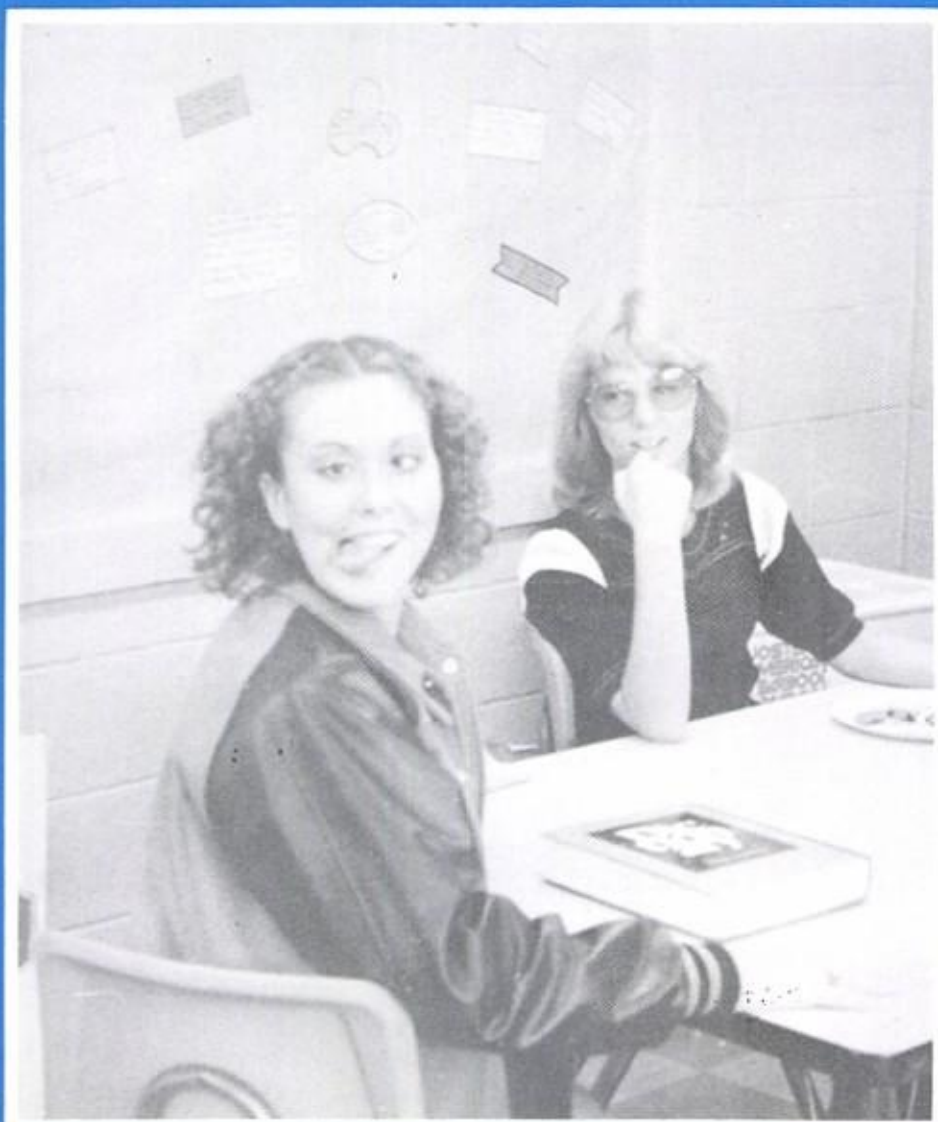

Beta Club Officers: Tracey Woods-Secretary; Jarrett Armstrong-President; Doug Bowyer-Vice-President

Chico High School is very proud of its Beta Club. This year the Beta Club is made up of 21 members. 11 of them are new members and 10 of them are veterans.

Jarrett Armstrong, our local Beta

Club President, ran for State President at the State Convention in Dallas. Mrs. Chris Nichols, our sponsor, helped us work hard. We hope to have many happy memories of the 1979-80 Beta Club.

Wonder what they're smiling for!

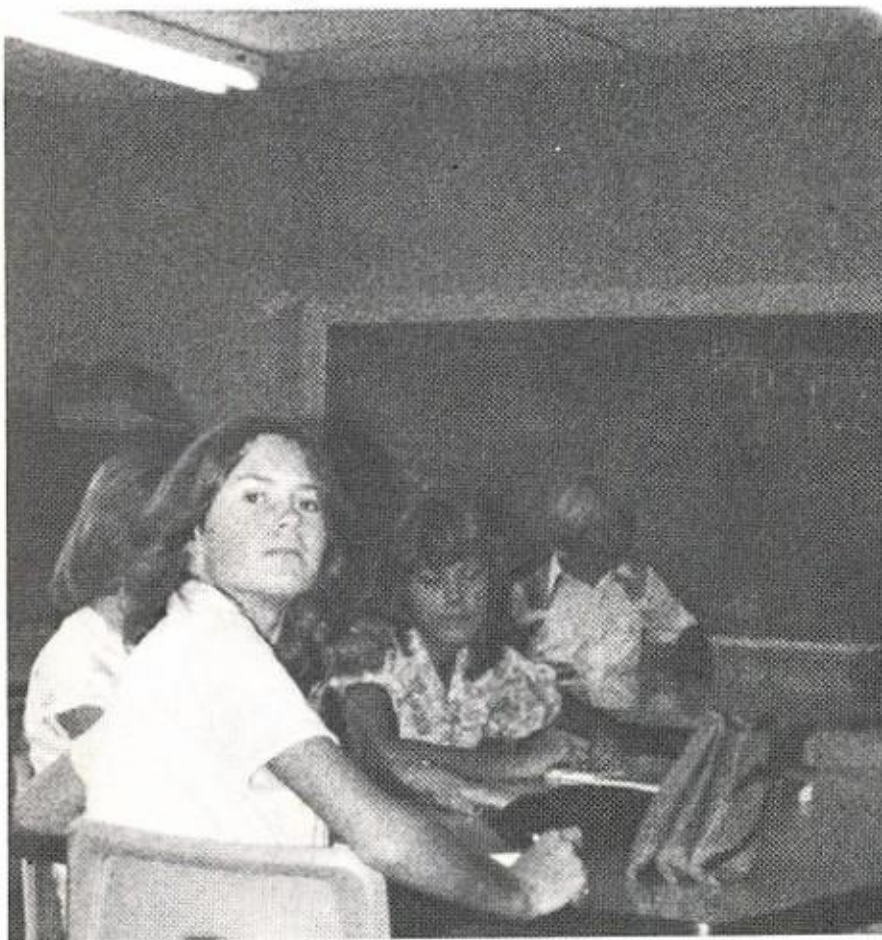

How do you like it so far, gals?

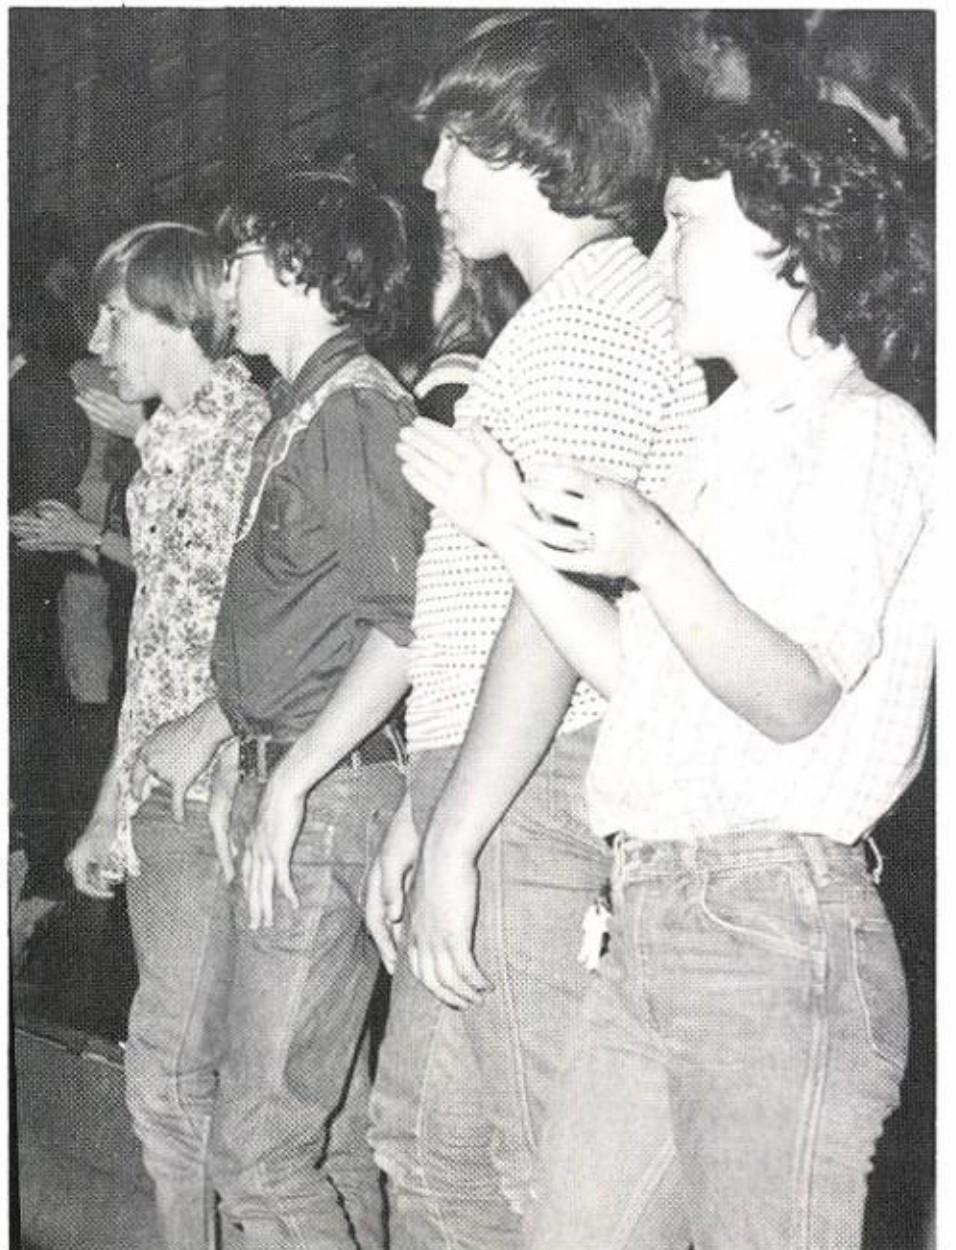

What's happenin', Jarrett?

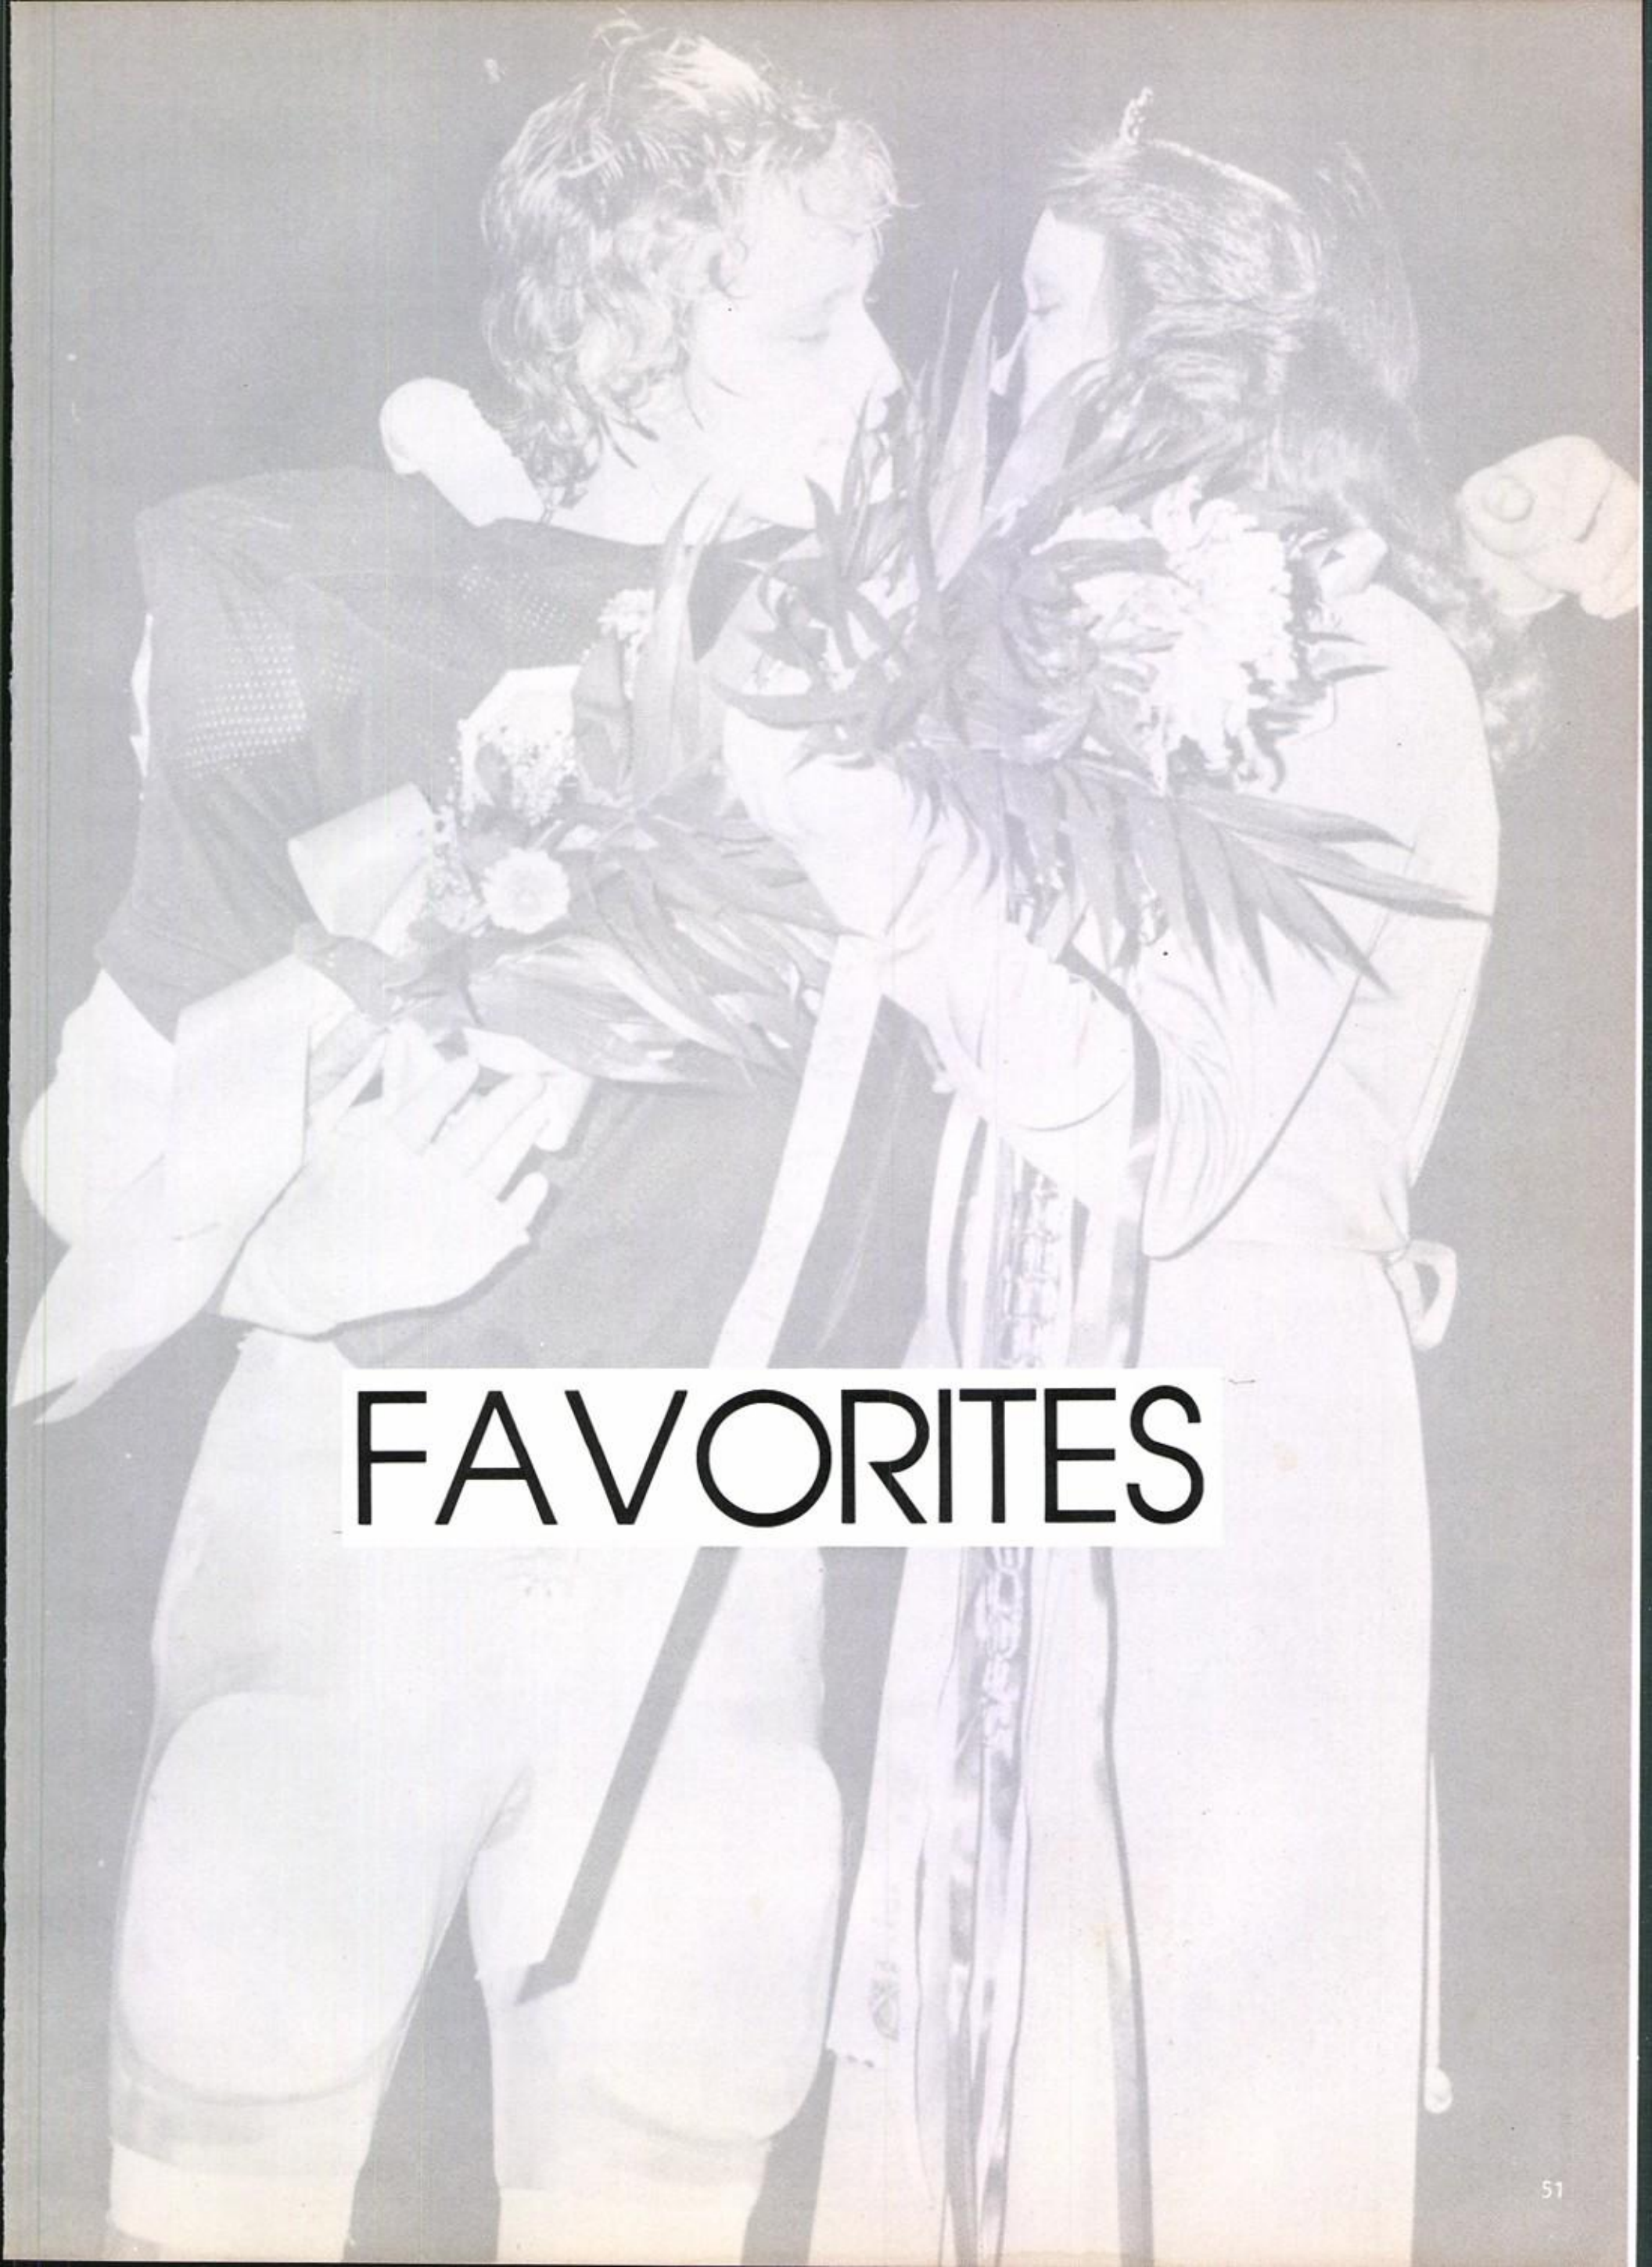

Get after it, Tommy!

Annual Staff at work

FAVORITES

MR. & MISS C.H.S.

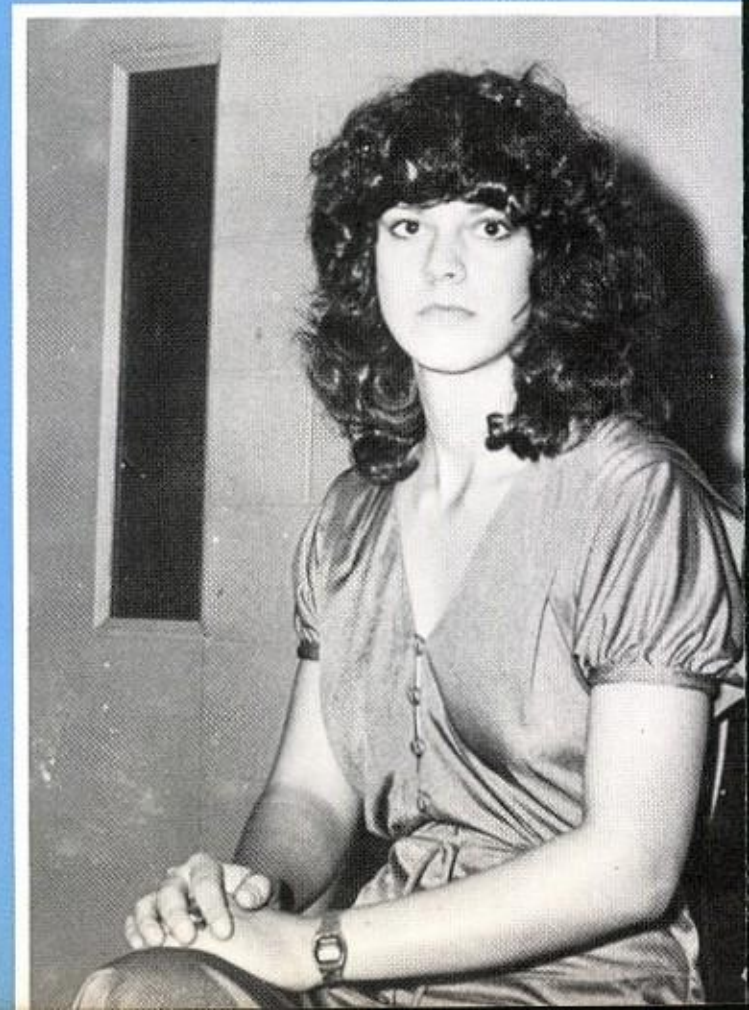

Robert Cox

Tracey Woods

Robert is very active in sports and Ag. He has been a three year starter in football. He was all district second team linebacker last year. This year he was all district second team linebacker again and offensive tackle. He has been a member of FFA for four years.

Tracey is very well liked at C. H. S. because of her great personality. She was a cheerleader this year and voted most attractive in the senior class. Tracey is a member of the Beta Club and ran for a state office last year. She was also the president of the senior class this year.

BEST ALL AROUND

Janice Culverhouse

Anyone who knows Doug can see why he was voted "Best All Around." He participates in many things at C.H.S., including football and basketball. He has been elected F.H.S. Beau and his class has elected him Most Likely to Succeed the four years. He's also been in the National Beta Club for three years.

Janice's pleasant personality and good sense of humor make her very popular among students at C.H.S. She also participates in many things. She's been F.H.S. president for two years and Drum Major her Senior year. She's also been elected Most Likely to Succeed for four years.

LITTLE LEAGUE: THEN AND NOW

Little Leaguers . . . Doug Bowyer, Robert Cox, David Workman, Tony McKeever, Jarrett Armstrong, Todd Reed, Tommy Haworth, Dudley Wright, Jerry Don Lawrence, Terry Workman, Johnny Cox and Jeff Biggerstaff. Two of these players went on to play high school baseball, Doug and Tommy. Jerry Don is no longer in Chico High School.

A large, stylized graphic of a triangle composed of the word 'ADVERTISING' repeated many times, set against a dark background with a bright starburst on the left. The word 'ADVERTISING' is written in a bold, white, sans-serif font. The letters are arranged in a grid-like pattern, with the words stacked on top of each other to form the shape of a triangle. The background is black with a bright starburst on the left side, consisting of a central point with several lines radiating outwards. The overall effect is a sense of depth and repetition, emphasizing the concept of advertising.

SAVING TIPS

on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

11. Buy units with *highest* "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Whatcha got, Tracy?

LIFE AT CHICO HIGH SCHOOL

Just one, please.

Nike Power!!!!

Isn't school exciting ?!?

DISSECTING YUCK!!

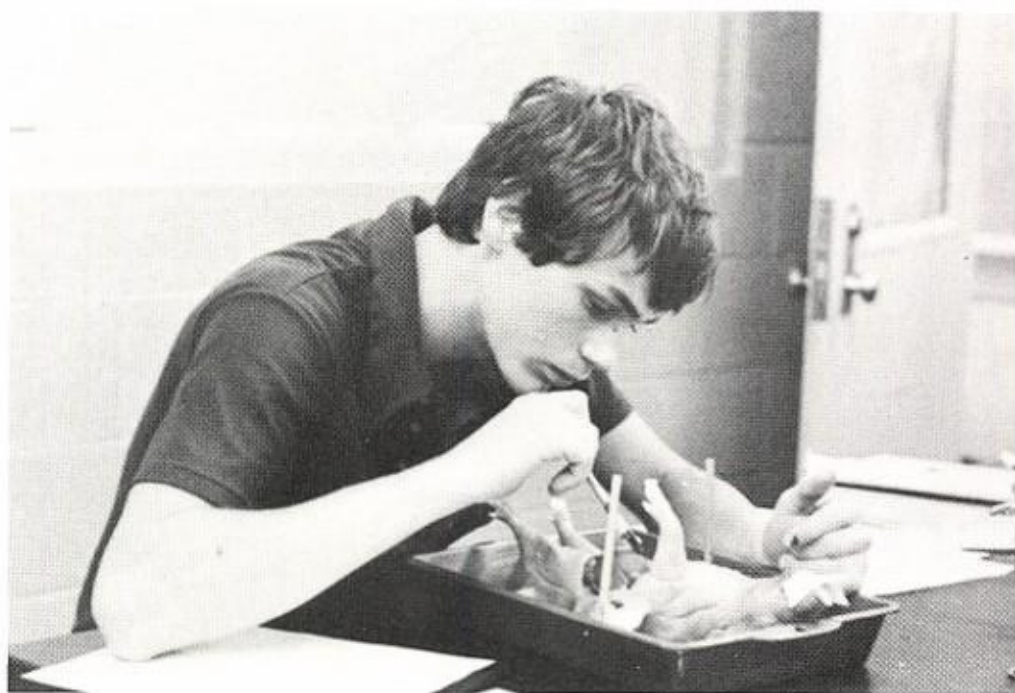

Anyone for more ham?

Carandy has good taste!

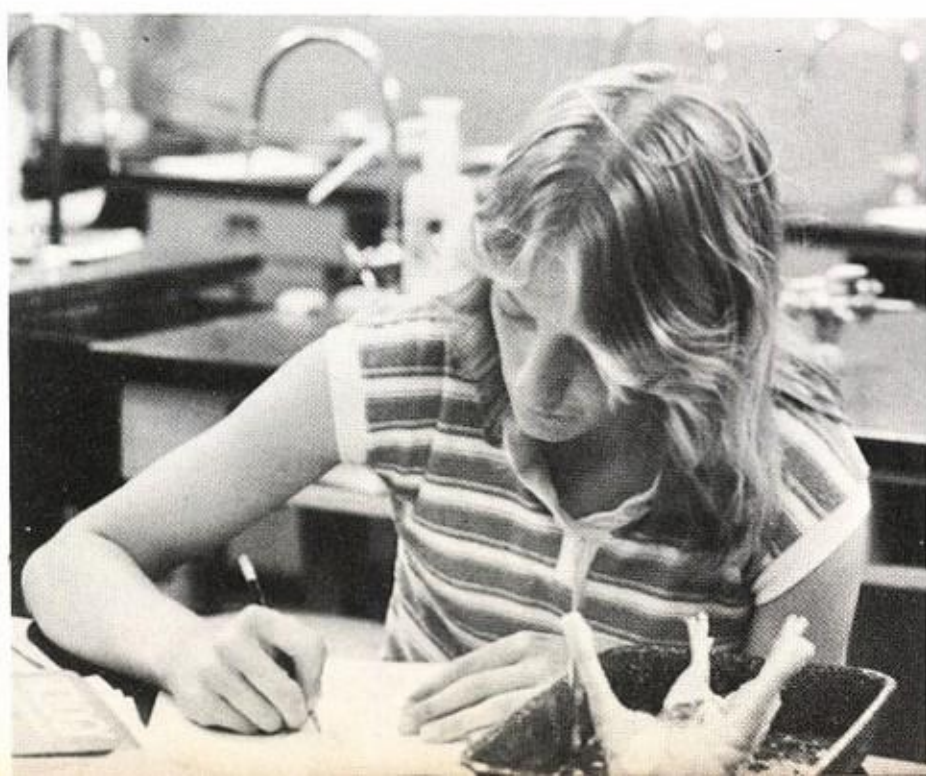

It was here a minute ago.

You are supposed to share David!

I hate your guts!!

Where'd ya get those boots?

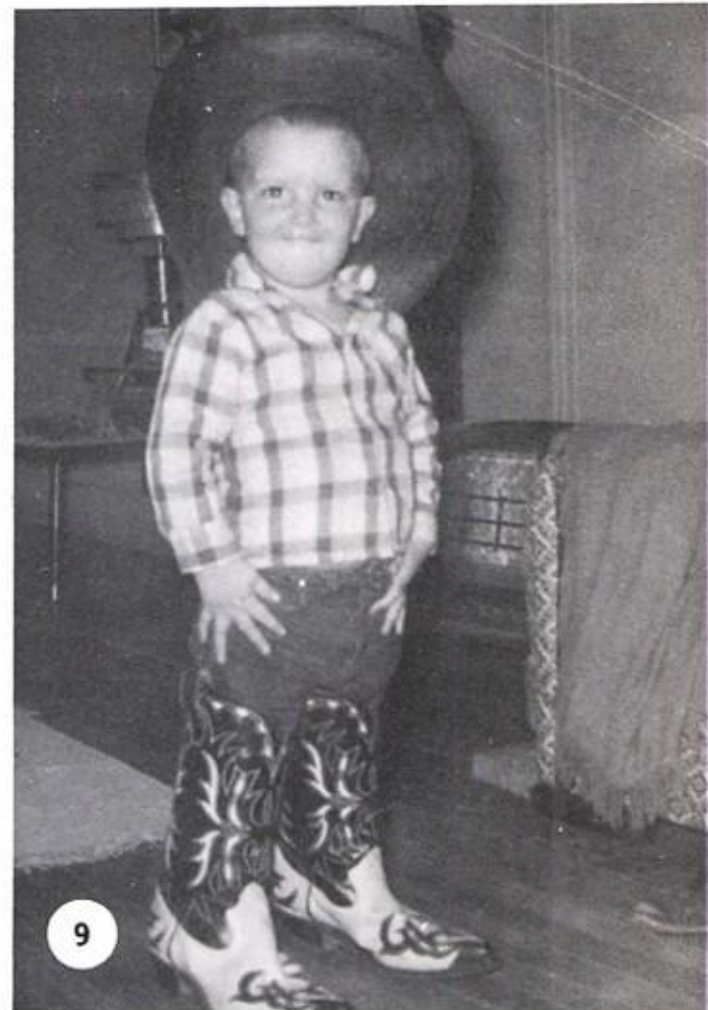

Future Miss Americal

All American? Dream on Tony.

Smilin' Donald.

"TEX" Bowyer.

Take a bite, Johnny!

Secretary of the year.

What's he all dressed up for?

"The final attempt"

"Profiles of Atletes"

Too busy to pose, Robert.

"End of Year Revenue"

There's no looking back, Roach.

I'm not staying here all summer.

The last minute of the 79-80 year.
